About Us

St Cuthbert's Hospice provides free care and support to people with life-limiting illnesses, those approaching the end of life and people that are bereaved in County Durham.

We care for, laugh with, listen to, comfort and help make special memories for thousands of individuals and families each year.

Our care teams can support people at any stage, from diagnosis, to living well with their illness to their last days. Whether it's helping with pain relief, supporting a loved one or just being there to listen, we understand that sometimes it's the little things that can make the biggest difference.

Each year we must raise over £2 million to continue to provide our special kind of care. All amounts add up and any money your child can raise by taking part, would be greatly appreciated, no matter how big or small.
